Consent for COVID-19 vaccine - children, youth and adults

☐ The demographic and vaccine administration information included in this form was verified and validated by a second clinician (other than the immunizer) at the immunization site to ensure and document the completeness and accuracy of all Immunization Records. This validation (double check) must be done and documented prior to sending (for entry) or entering the information. All completed paper administration forms need to be sent via Canada Post Xpress post which is considered a secure method of delivery. These forms must be placed in an envelope, seal the flap and write initials on the flap. Then mail the envelopes to:

C/O Data Entry Team
GNB Department of Health HSBC Place
520 King Street, 4th Floor Reception Fredericton, NB E3B 5G8

Each time you mail an envelope, you must send an email to Phisisp@gnb.ca notifying them that an envelope has been sent and provide the following information:

- # of admin forms in envelope
- Tracking number for envelope

The data entry team will send a reply to you when the envelope has been received.
Note: These administration forms do not need to be completed for COVID-19 vaccines administered by Pharmacists entering the immunization information in the Drug Information System (DIS) or by Physicians/Nurse Practitioners who submit billing to medicare.

Section 1 Personal Information

Last name	First name	Medicare number

☐ No ☐ Yes ☐ N/A	Has this person ever had a serious side effect from other non-covid vaccines or to a previous dose of a COVID-19 vaccine including myocarditis and / or pericarditis (following either Pfizer Comirnaty or Moderna)? If yes, describe
☐ No ☐ Yes ☐ N/A	Has this person ever felt faint or fainted after a past vaccination or medical procedure?
☐ No ☐ Yes ☐ N/A	Where applicable, for immunocompromised individuals eligible to receive a third dose, has this person filled out an attestation form?
☐ No ☐ Yes ☐ N/A	Has the child had a condition known as MIS-C (Multisystem Inflammatory Syndrome)? Vaccination should be postponed until clinical recovery has been achieved or until it has been ≥ 90 days since diagnosis, whichever is longer.
☐ No ☐ Yes ☐ N/A	Has the child received another vaccine in the past 14 days? If yes, the COVID-19 vaccine should not be given concomitantly with other vaccines (live or non-live). The minimum waiting period between vaccines is 14 days.

Section 3 Consent

For all doses of the COVID-19 vaccine, your consent will confirm the following:

- I have read the information I was given on the COVID-19 vaccine being offered to me today and consent to have administered the recommended dose based on Public Health recommendations.
- I understand the benefits and possible reaction(s) for the COVID-19 vaccine and the risk of not being immunized.
- I have had an opportunity to discuss my questions and concerns as they relate to the COVID-19 vaccine.
- I understand that I may withdraw this consent at any time by informing the health care provider giving the COVID-19 vaccine.
- I confirm that I have the legal authority to consent to this immunization.

Printed name of person giving consent		Signature of person giving consent		Date (YYYY/MM/DD)

Relationship to person giving consent: ☐ Parent (with legal authority to consent) ☐ Guardian/Legal representative

Note: This section is for office use and to be used only for immunizations given to **INDIVIDUALS AGED 12 AND OVER**							
Please check the dose and circle the vaccine being given: ☐ 1st ☐ 2nd ☐ **3rd *Booster dose: ☐ 1st ☐ 2nd	Lot # Date of exp.	Site	Route	Dosage (ml)	Date (YYYY/MM/DD)	Time	Print name and signature of immunizer
Moderna Spikevax AstraZeneca Pfizer-BioNTech Comirnaty Janssen Novavax Nuvaxovid		☐ Right arm ☐ Left arm	☐ IM				

Note: This section is for office use, and to be used only for **PRIMARY SERIES DOSES GIVEN FOR INDIVIDUALS AGED 5 TO 11 YEARS OLD ONLY**
