

**DIRECTIVE
Land Registry**

SECTION: Subsequent Registrations

NUMBER: 2200-001

SUBJECT: Partial Release of Easement

PURPOSE This directive defines how enabling instruments are to be assigned as a result of a partial release of an Easement.

REFERENCE N/A

DIRECTIVE

The registration of a partial release of easement will result in the Easement Holder name(s) being entered twice on the Title Register.

The original easement instrument enables one entry and the second entry will be enabled by the partial release.

For Benefited Land Titles Parcels:

Update the Parcel description to add the **Partial Release of Easement**, referencing the Enabling Document in the benefit statement.

Example:

Together with the benefit of an Easement as described in document # 12456600, registered on 2003-04-30 and Partial Release of Easement described in document # 12456799, registered on 2003-09-30.

- Request a new CRO for the PID(s).
